Summary 08

All design changes

What changed on every screen, from the homepage to the product page.

4 screens · desktop and mobile

Homepage

- Banner redesigned
- Animation added to the hero

Apple loading screen

- Line shown while it loads
- Product logo placement changed
- 10-second animation

Brand store

- Banner and products load together
- Rating design improved for UX
- Filter redesigned

Product page

- New layout, product requirements added
- Highlights and review tabs
- More products to explore
- Buy with EMI button
- Delivery date button

Homepage · first fold 01

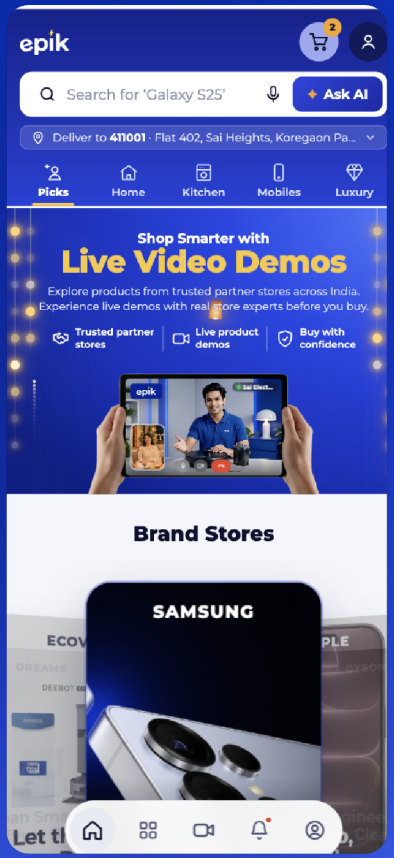

Say it in one glance

The hero promises live demos with real store staff over a call, and the brand carousel stays in the first fold.

- Search bar and Ask AI kept
- Virtual demo only, no home demo
- Diwali crackers: interactive on tap on desktop only, static on mobile

Desktop · crackers react to tap

Mobile · static, not interactive

Desktop · Apple demo loading screen 02

Every brand, live

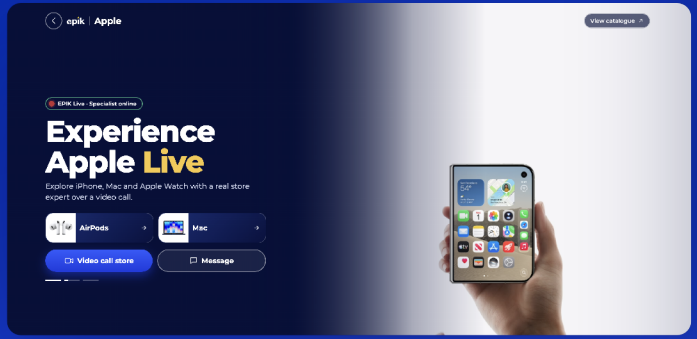

The screen shown while a customer waits to join an Apple demo. It confirms a specialist is online and offers quick actions.

WHY IT WORKS

Red live badge shows a real person is ready

One bright Video call button, Message as backup

AirPods and Mac links keep users busy while they wait

Desktop · 1440 × 900

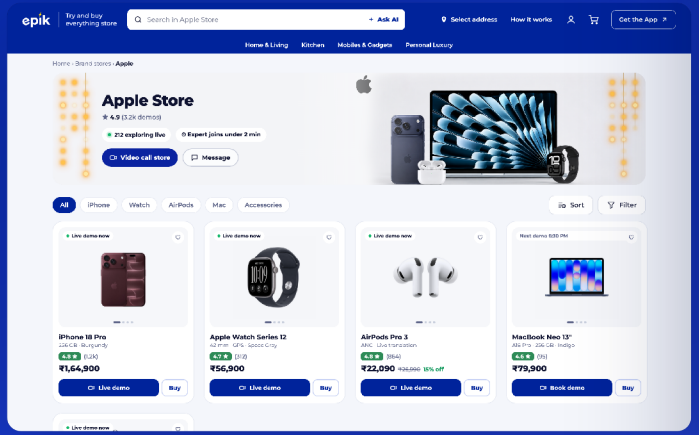

Mobile · 390 × 844

Brand store 04

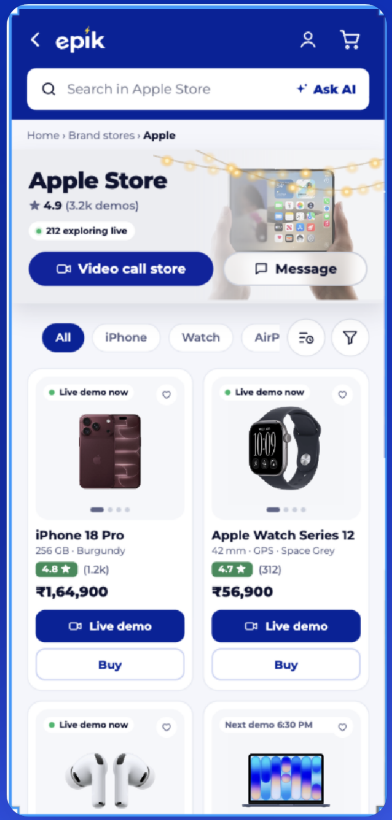

A store you can call

The brand page turns browsing into a live conversation.

- Live count builds trust
- Video call is the one primary action
- Category chips, sort and filter
- Mobile: Sort and Filter sit beside the chips
- Mobile: two-column grid, Live demo + Buy

Desktop · brand store

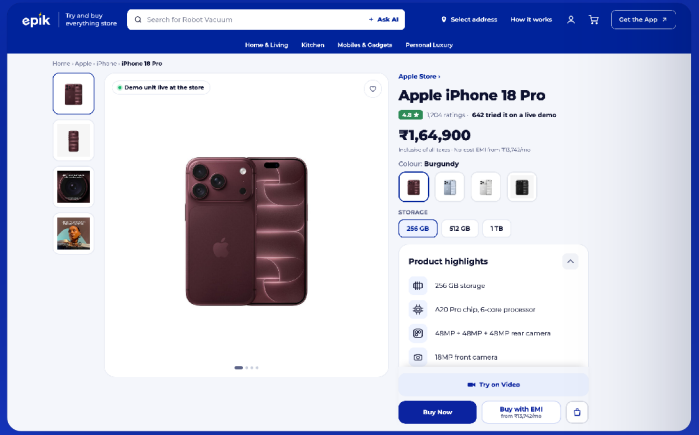

Mobile · brand store

Product page 05

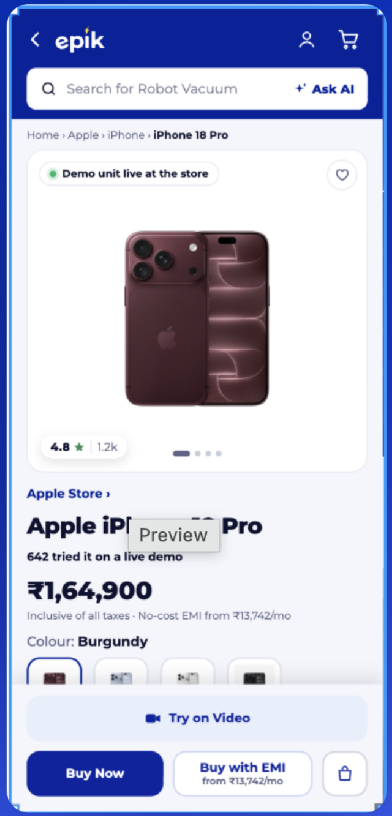

Try it, then buy it

Every product leads with a live demo, then price and EMI.

- Demo unit live badge
- Try on Video above Buy Now
- Colour and storage in one glance
- Mobile: sticky Try on Video above Buy Now

Desktop · product page

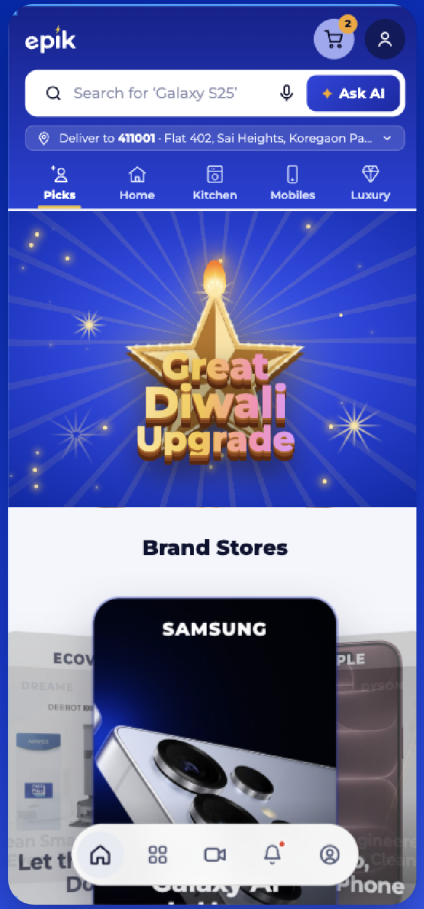

Mobile · product page

Animation 07

Diwali, in motion

An animated festive banner on mobile. The diya glows and sparkles drift while the brand carousel stays in view.

- Glowing diya and sparkles
- Slow loop, never distracting
- Brand cards swipe beneath

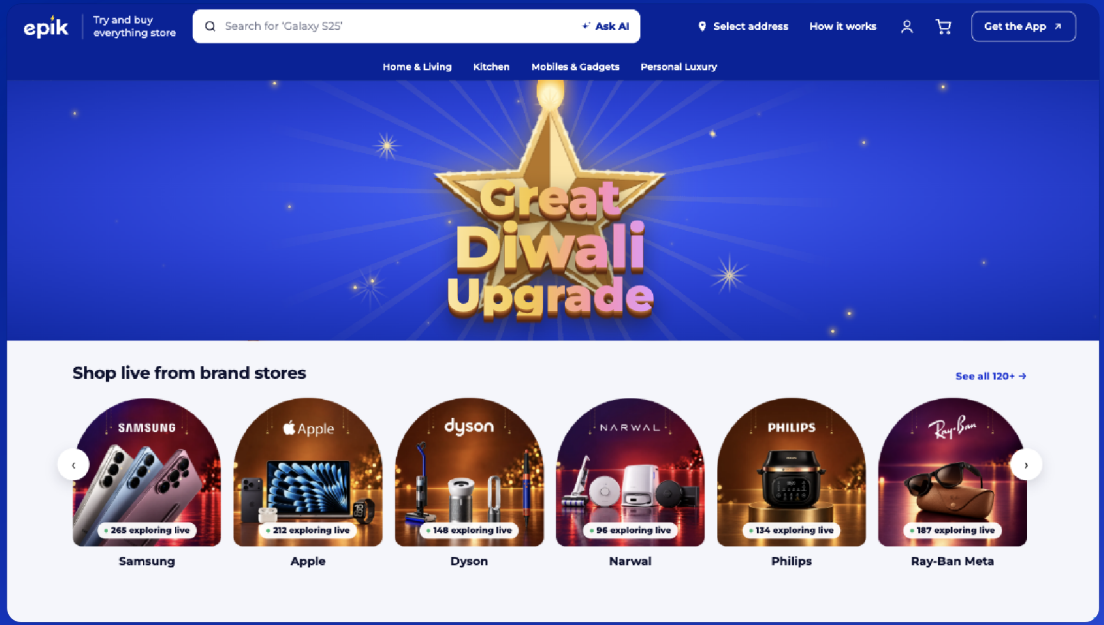

Rationale 06

Blue, bold, festive

Epik blue stays. Diwali appears only as small lights and a diya.

- **Virtual demo is the one message**
- **Festive cues stay subtle**
- **Compact hero, brands above the fold**
